

Introduction: Sometimes, what we're used to isn't always right!

- ✓ "The earth is flat."
- ✓ "The Bible must remain in Greek, Hebrew, or Latin."
- ✓ "Cigarettes make you cool."
- ✓ "Suntans make you healthy."

Tradition – "an inherited, established, or customary pattern of thought, action, or behavior (as a religious practice or social custom)" – "the passing down of elements of a culture from generation to generation; especially by oral communication."

(Webster's)

Thesis: Traditions are not wrong, but they are dangerous!

Traditions are the highway by which we pass on the values and principles that matter most; unfortunately, over time, the means (traditions) we practice to remember those values/truths can take precedence over the truths themselves.

<u>TRUTH</u>	(vs)	<u>TRADITION</u>
Liberates		Perpetuates
Gives Life		Nullifies God's Word
Change		Status Quo
Reality		Stability
Threatening		Comforting
Dynamic		Static

Satan's Agenda:

2 Timothy 3:5

To separate the truth from the tradition so deceptively that sincere people would diabolically "hold to a form of godliness, but deny its power."
